#### The Burch Charter School of Excellence Policy

Category: Business Non-Instructional Code: 3542.1

Name: Local Wellness/Nutrition Board Approval Date: August 14, 2017

The Board of Trustees, or recognized school authority, recognizes that child and adolescent obesity has reached epidemic levels in the United States and that poor diet combined with the lack of physical activity negatively impacts on students' health, and their inability and motivation to learn.

To promote healthful behavior in the school, the Board is committed to encouraging its students to consume fresh fruits, vegetables, low fat milk and whole grains. The Board is also committed to encouraging students to select and consume all components of the school meal.

In order to promote and protect children's health, well-being, and ability to learn, the Board is committed to providing school environments that support healthy eating and physical activity and directs the Chief School Administrator to ensure that the Board takes the appropriate measures to meet the following wellness and nutrition goals:

- A. All students will have opportunities, support, and encouragement to be physically active on a regular basis;
- B. Foods and beverages sold or served at school will meet the nutrition recommendations of the U.S. Dietary Guidelines for Americans, and the USDA nutrition standards for National School Lunch, School Breakfast and/or After School Snack Programs. The Board will regulate the types of food and beverage items sold outside the federal meal requirements, such as ala carte sales, vending machines, school stores, and fundraisers;
- C. All students will be provided with adequate time for student meal service and consumption in a clean, safe, and pleasant dining environment. Lunch and recess or physical education schedules will be coordinated with the meal service;
- D. To the maximum extent practicable, the Burch Charter School of Excellence will participate in available federal school meal programs (including the School Breakfast Program, National School Lunch Program including After-School Snack Programs, Summer Food Service Program, and Child and Adult Care Food Program);
- E. The Burch Charter School of Excellence will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services;
- F. The Board will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing school-wide nutrition and physical activity policies; and
- G. Board efforts to promote healthy nutrition and nutrition education, physical activity and other school-based activities that promote student wellness shall be measurable and evidence-based strategies and techniques and shall be implemented.

Foods and beverages available for sale including all snack and beverage items sold anywhere on school property during the school day, items sold in a la carte lines, vending machines, snack bars, school stores and fundraisers or served in the reimbursable Afterschool Snack Program, shall meet the United States Department of Agriculture, Nutrition Standards for All Foods Sold in School, as required by the Healthy Hunger-Free Kids Acts of 2010 (see 3542.1 Wellness and Nutrition, Federal Nutrition Standards for All Foods Sold in School, Summary Chart).

# **Committee Review**

The Chief School Administrator or his or her designee shall endeavor to engage parents, students, and representatives of the school food authority, members of the school board, school administrators, teachers, health professionals, and members of the public for the purpose of developing, implementing, monitoring, reviewing, and, as necessary, revising the school nutrition and physical activity initiatives, A committee may be convened to annually review and when necessary recommend revisions to school policies related to wellness and nutrition.

The committee will annually report to the Board on the implementation of programs and initiatives related to student wellness and nutrition. The Board shall annually review and consider recommendations of the wellness committee.

## **Triennial Assessment**

The Board shall ensure that a triennial (once every three years) assessment of the Board's wellness and nutrition policy and programs is completed. The recommendations of the committee shall be reviewed and considered as part of the triennial assessment. The assessment shall measure the implementation of the wellness and nutrition policy, and include:

- A. The extent to which each school is in compliance with the school wellness and nutrition policy;
- B. The extent to which the Board wellness and nutrition policy compares to the federal and state model school wellness policies; and

C. A description of the progress made in attaining the goals of the wellness and nutrition policy.

The Board shall update or modify the policy and programs as necessary based on the results of triennial assessment.

#### **Physical Activity**

For students to receive the nationally-recommended amount of daily physical activity (i.e., at least 60 minutes per day) and for students to fully embrace regular physical activity as a personal behavior, the board is committed to providing opportunities for physical activity beyond physical education class. Activities that may be implemented include but shall not be limited to:

- A. Health education will complement and reinforce physical education. Students may be taught self-management skills that promote and help maintain a physically active lifestyle and reduce time spent on sedentary activities, such as watching television;
- B. As initiated and determined by the teacher, opportunities for physical activity may be incorporated into subject area lessons;
- C. Classroom teachers will make an effort to provide short physical activity breaks between lessons or classes, as appropriate;
- D. The daily schedule shall allow for periods of physical activity before or after meal periods and minimum of 20 minutes for recess daily; and
- E. The code of student conduct shall prohibit withholding recess or other periods of physical activity as a consequence or a disciplinary option.

## **Recordkeeping Requirements**

The Chief School Administrator or his or her designee shall maintain records to document compliance with wellness and nutrition policy requirements. These records shall include but are not limited to:

- A. The written wellness and nutrition policy;
- B. Documentation demonstrating compliance with community involvement requirements;
- C. Documentation of the triennial assessment of the wellness and nutrition policy; and
- D. Documentation to demonstrate compliance with the annual public notification requirements.

# Marketing

The marketing of food or beverages shall only be permitted on the school campus during the school day for foods and beverages that meet the competitive foods requirements.

For purposes of this policy, marketing is defined as advertising and other promotions in schools. Food marketing commonly includes oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller, or any other entity with a commercial interest in the product.

The marketing of products on the exterior of vending machines, through posters, menu boards, coolers, trash cans, and other food service equipment, as well as cups used for beverage dispensing are all subject to board policy, and the logos and products marketed in these areas and items are required to meet the competitive foods standards for foods sold in schools. This restriction shall not apply to marketing that occurs at events outside of school hours such as after school sporting or any other events, including school fundraising events,

# **General School Requirements**

The School's curriculum shall incorporate nutrition education and physical activity consistent with the New Jersey Student Learning Standards.

Food and beverages that are not sold such as foods and beverages served during special school celebrations or during curriculum related activities shall be exempt from this policy. However, on such occasions healthy food choices such as fruits, vegetable, fruit juice and water shall be made available to all students participating in such activities.

This policy does not apply to: medically authorized special needs diets pursuant to federal regulations; school nurses using food or beverages during the course of providing health care to individual students; or special needs students who is Individualized Education Program (IEP) indicates their use for behavior modification.

Adequate time shall be allowed for student meal service and consumption. The School shall provide a pleasant dining environment. The Board recommends that physical education or recess be scheduled before lunch whenever possible.

The Chief School Administrator will specifically address the issue of biosecurity for the school food service. Biosecurity may be part of the plans, procedures and mechanism for school safety.

The Board is committed to promoting the nutrition policy with all food service personnel, teachers, nurses, coaches and other school administrative staff so they have the skills they need to implement this policy and promote healthy eating practices. The Board will work toward expanding awareness about this policy among students, parents, teachers and the community at large.

The Chief School Administrator shall develop regulations consistent with this policy, including a process for measuring the effectiveness of its implementation, and designating personnel within each school with operational responsibility for ensuring the School is complying with the policy. The Chief School Administrator shall ensure that the public is informed about the content of the wellness and nutrition policy. The wellness and nutrition policy and any updates to the policy shall be made available to the public on an annual basis. The policy may be posted on the School website and/or at locations deemed appropriate by the Chief School Administrator.

# United States Department of Agriculture Nutrition Standards for All Foods Sold in School

Food/Nutrient	Standard	Exemptions to the Standard
General Standard for Competitive Food.	To be allowable, a competitive FOOD item must:  1. Meet all of the proposed competitive food nutrient standards; and  2. Be a grain product that contains 50% or more whole grains by weight or have whole grains as the first ingredient*; or  3. Have as the first ingredient* one of the nongrain main food groups: fruits, vegetables, dairy, or protein foods (meat, beans, poultry, seafood, eggs, nuts, seeds, etc.); or  4. Be a combination food that contains at least 1/4 cup fruit and/or vegetable; or  5. Contain 10% of the Daily Value (DV) of a nutrient of public health concern (i.e., calcium, potassium, vitamin D. or dietary fiber). Effective July 1, 2016 this criterion is obsolete and may not be used to qualify as a competitive food.  *If water is the first ingredient, the second ingredient must be one of items 2, 3 or 4 above.	Fresh fruits and vegetables with no added ingredients except water are exempt from all nutrient standards.     Canned and frozen fruits with no added ingredients except water, or are packed in 100% juice, extra light syrup, or light syrup are exempt from all nutrient standards.     Canned vegetables with no added ingredients except water or that contain a small amount of sugar for processing purposes to maintain the quality and structure of the vegetable are exempt from all nutrient standards.
NSLP/SBP Entrée Items Sold A la Carte.	Any entrée item offered as part of the lunch program or the breakfast program is exempt from all competitive food standards if it is sold as a competitive food on the day of service or the day after service in the lunch or breakfast program.	
Sugar-Free Chewing Gum	Sugar-free chewing gum is exempt from all competitive food standards.	
Grain Items	Acceptable grain items must include 50% or more whole grains by weight, or have whole grains as the first ingredient.
