Student Growth

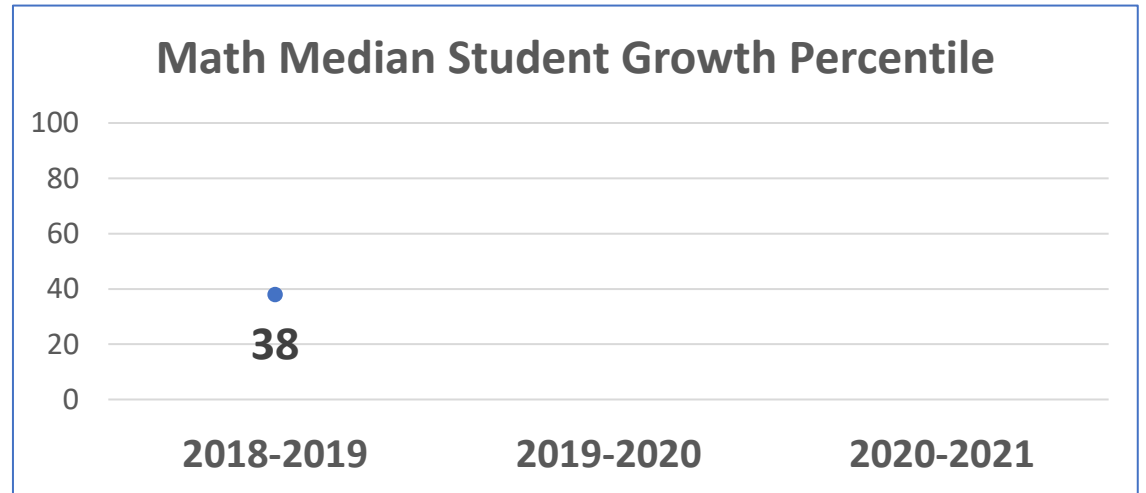

Each student gets a **student growth percentile (SGP)** from 1 to 99 for English (4th to 8th grade) and Mathematics (4th to 7th grade) that explains their progress compared to students who had similar test scores in the past (“academic peers”). An SGP between 35 and 65 is considered “typical”.

If the student growth percentiles for all students in a group (for example a school, a district, a student group, or a grade level), are ordered from smallest to largest, the **median student growth percentile (mSGP)** for that group is the percentile in the middle of the list. NJDOE’s standard for school and district accountability purposes is an mSGP of at least 40.

Due to the cancellation of statewide assessments in spring 2021, **SGPs were not calculated for 2020-2021** School Performance Reports will not include mSGPs.

Median Student Growth Percentiles

Due to the cancellation of statewide assessment results in spring 2020 and spring 2021, median student growth percentiles (mSGPs) were not calculated for 2019-2020 nor for 2020-2021.

Performance	ELA 2018-19	ELA 2020-21	ELA 2020-21	Math 2018-19	Math 2019-20	Math 2020-21

Statewide Median Student Growth Percentile	50			50		5

Statewide Assessment Results

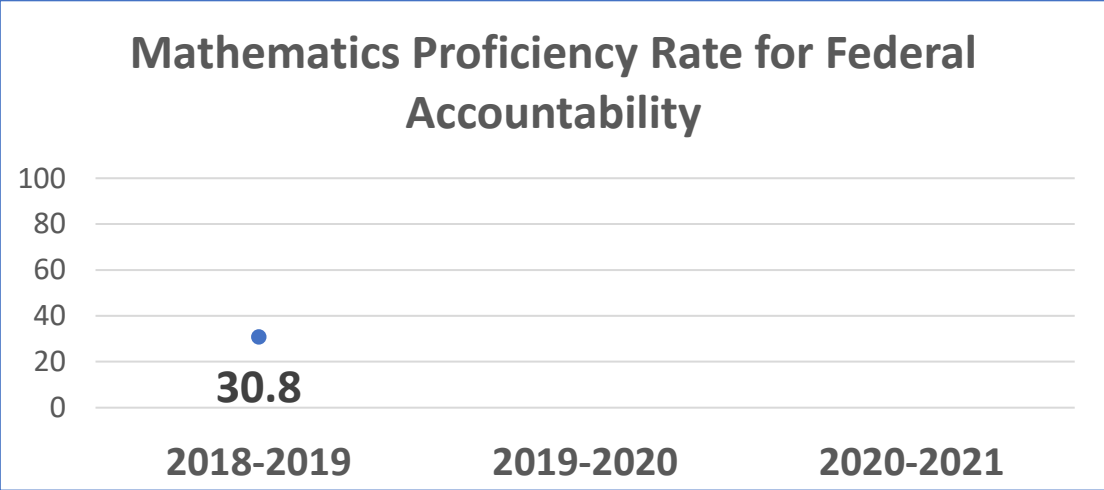

The School Performance Reports contain information about student participation and performance on statewide assessments, including the:

- New Jersey Student Learning Assessment (NJSLA): Assessment that measures student proficiency with the New Jersey Student Learning Standards for English Language Arts, mathematics, and science.
- Dynamic Learning Maps (DLM): Alternate assessment for students with the most significant intellectual disabilities in English Language Arts, Mathematics, and Science.
- ACCESS for ELLs: Assessment that measures the English language proficiency of English learners.

Statewide assessments were cancelled in spring 2021. As a result, **assessment data is not available** in the 2020-2021 School Performance Reports.

Statewide Assessment Proficiency

Due to the cancellation of statewide assessment results in spring 2020 and spring 2021, participation and proficiency rates are not available for 2019-2020 nor for 2020-2021.
