Dear Parents and Staff:

As per the United States Environmental Protection Agency's "Asbestos Hazard Emergency Response Act" [(AHERA) 40 CFR Part 763], an inspection for the presence of asbestos-containing building materials has been completed, and an Asbestos Management Plan has been developed for the Burch Charter School of Excellence.

The inspection report and asbestos management plan file are available, in the school files, for review during normal school hours. Upon request, copies will be provided at a reasonable cost to you.

As required by the USEPA, additional inspections of our school are conducted bi-annually by a properly certified professional.

Timothy Simmons,
Interim Principal
